WE INSPECT EVERY HOME AS IF WE WERE BUYING IT OURSELVES

Our home inspections are thorough – very thorough. And when we are done, you will receive a detailed home inspection report.

HOW IS BLUENOSE DIFFERENT?

Complimentary Infrared Thermal Imaging.

Home inspections can uncover potentially life-threatening problems such as faulty wiring or other fire hazards. Leaks and plumbing issues are just a few of the problems a home inspection can uncover.

Learn about issues with a home before purchasing.

Stress-free booking & appointment reminders.

Experience with older homes, new homes, radon testing, and are WETT certified.

We work with your schedule, offering home inspections 7 days a week!
